Products Supplied:

- Frameless Series Shower Enclosures
- Contemporary HMI Brushed Nickel Hardware

Project Case Study

Oceanfront Elegance Meets American Craftsmanship

Objectives

- Deliver sleek, modern frameless shower doors that meet Omni's brand standards for luxury and longevity.
- Coordinate delivery in alignment with staggered construction timelines and jobsite access scheduling.

Challenges

- Multiple room types with variable layouts required precision fabrication and detailed submittal coordination.
- Tight construction schedule with no room for delays in product delivery.

Solutions

HMI provided detailed layout support, field dimensions, and phased delivery coordination, working directly with field team to ensure seamless installation and timely punch completion.
